

# Hi-Perf

## Dual Vent

### Custom Engineering for a Perfect Fit

For roofs without an eave, we offer the Hi-Perf Dual Vent to create airflow. Our Hi-Perf product line brings you custom engineered solutions that deliver high performance. The unique design of our Hi-Perf Dual Vent is built to withstand winds up to 130 miles per hour, and it's backed by the leading ventilation and wind warranty in the industry. It also restricts heat build-up and moisture accumulation under the roof covering that can lead to premature deterioration.

The Hi-Perf Dual Vent is specifically designed to fit all your projects. It is engineered to individual job requirements, ensuring that it will perfectly fit each roof condition. And it's available in a wide range of standard materials, covers and finishes.

► **Try Metal-Era's Hi-Perf Dual Vent and see how our systems DELIVER HIGH PERFORMANCE IN A PERFECT FIT.**

#### Custom Engineered

- Engineered to individual job requirements, ensuring that the products will perfectly fit each roof condition
- Specially fabricated products are available to meet the unique needs of each project
- Designed to work with all vented nail base products or ventilated attic systems

#### High Quality

- Factory-fabricated end caps and concealed splice plates provide a cleaner, more aesthetically pleasing appearance
- Up to a 20 year, 130 mph Wind & Ventilation Warranty
- All metal construction withstands heavy snow loads

#### Easy Installation

- Pre-punched holes ensure proper fastening location
- Provided in 12' lengths for quicker installation and lower labor costs

#### Available Sizes and Materials

- Different sheathing openings available to accommodate NFA values ranging from 6 – 36 square inches per lineal foot
- Available in a wide range of standard materials, colors and finishes to match any job requirement
- All splice plates and cover plates are included and will arrive on the job site with the product

With Metal-Era's SPEQ promise of speed, protection, expertise and quality, you are assured that Hi-Perf is backed with quality and service guarantees.
