Counterflashing

Accessories to Match Our High Quality Roof Edges

Our pre-fabricated accessories are the perfect complement to our large selection of products. They can also be used effectively in stand-alone applications. The wide variety of our accessories brings the flexibility to fit any project. And, like all our products, Metal-Era accessories are designed and manufactured to provide long-lasting high performance. Our counterflashing provides a watertight termination at the leading edge of the roofing material. And our 2 piece counterflashings can be taken apart for easy roof repairs.

IMPROVED
DESIGN FOR
EASY INSTALLATION!

► Try our quick-to-ship Counterflashing and see how Metal-Era can help to deliver your project **ON TIME AND ON BUDGET.**

High Quality

- Provides a watertight termination
- Available in 1 or 2 piece, in either Surface Mount, Reglet, or Thru Wall Versions to accommodate all your projects
- Available in a standard size of 5" face height

Economical

- Decreased labor costs due to easy installation
- Higher overall profit on your construction projects

Easy Installation

- The flashing hooks and rotates to snap into the receiver for easier installation of 2 piece versions
- Manufactured in 12' lengths with pre-punched, notched holes for faster installation
- Slotted fastening holes allow for proper thermal movement of the materials and ensure correct fastener placement and spacing

With Metal-Era's SPEQ promise of speed, protection, expertise and quality, you are assured that our Accessories are backed with quality and service guarantees.
