

## LABOR & MATERIAL SAVINGS

With the price of lumber and other materials increasing, it's vital to find solutions to reduce cost while still maintaining strength to protect the roof perimeter. Now is a great time to think about wood nailer alternatives like Eliminailer-T.

With Eliminailer-T you can save an **average of 88% on labor costs** and **16% on material cost** compared to the traditional wood nailer. That's a **total of 38% total savings at \$4.09 per linear foot**. Eliminailer's innovative design with pre-punched holes allow you to install faster. The heavy gauge extruded aluminum will not warp, crack, split, or rot, providing superior roof edge securement.

*Estimates below based on available data as of February 2021*

ELIM-T NAILER SIZES	ELIM-T LABOR / MATERIAL COSTS (PER LF)	NAILERS	NAILER LABOR & MATERIAL COSTS (PER LF)	% TOTAL COST DIFF.	ELIM-T \$ SAVINGS (PER LF)
1.5x2.5	\$0.41 / \$2.66	Wood Base nailer	\$2.83 / \$3.67	53%	\$3.43
1.5x5.5	\$0.41 / \$5.60	Wood Base nailer	\$2.83 / \$3.67	8%	\$0.49
3x2.5	\$0.41 / \$3.33	Base + 1 Nailer	\$3.34 / \$7.33	65%	\$6.93
3x5.5	\$0.41 / \$6.29	Base + 1 Nailer	\$3.34 / \$7.33	37%	\$3.97
5.2x4	\$0.41 / \$8.98	Base + 2 Nailers	\$3.83 / \$11.00	37%	\$5.44
5.2x5.5	\$0.41 / \$10.13	Base + 2 Nailers	\$3.83 / \$11.00	29%	\$4.29

*Based on national average labor cost \$85 per hour, average roof size 760 LF, cost of PT Nailer \$3.67 LF, install time 12 min base nailer, 4.25 min additional nailers, 3.5 min Eliminailer.*

### ELIMINAILER-T AT-A-GLANCE

215 MPH Lifetime Wind Warranty

ANSI/SPRI/FM 4435/ES-1 Tested

Consistent, Lasting Perimeter Protection

Enhanced Thermal Performance

Faster Install, Less Labor

Sustainable & Non-Combustible
